

SERIES C WASTE TANKS

An excellent range of sensibly priced waste holding tanks. Moulded in Italy with a thicker wall than the equivalent green water tanks in the Series C range to combat odour problems normally associated with moulded tanks.

Fitting sizes:

1 ½" inlet

1 ½" pumpout

1" vent

All mounted on an **inspection plate** which is removable.

Fittings can be supplied with either elbows or straights.

Strap kit is ideal for holding these tanks in position (Ref:ST2340).

Stock held:

Capacity	Ref.	L	W	H
28ltrs	TT-4300	450	390	200
35ltrs	TT-4301	550	390	200
