

# **TEK TANKS**

**Plastic tanks & fabrication**

**30** 1993 - 2023  
**YEARS**

We build

# Custom plastic tanks to shape and size

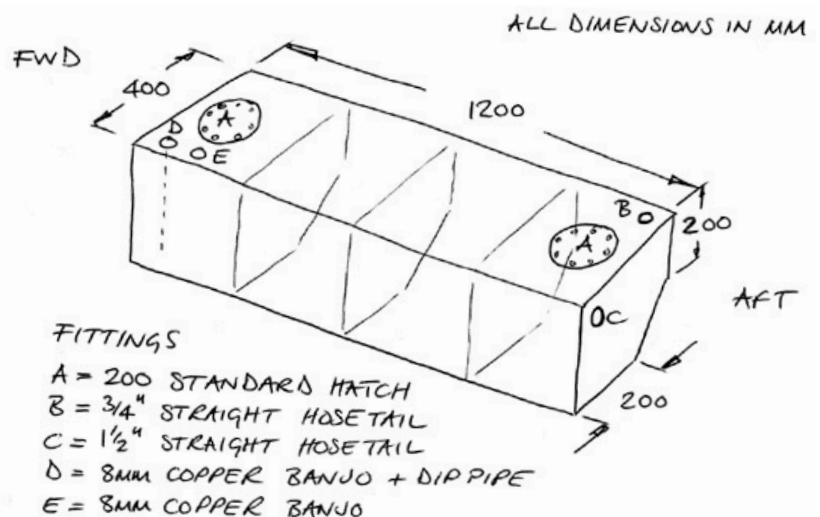

Water, waste & diesel tanks

- Food grade HDPE
- Taint-free fresh water
- Odour-free black waste
- 10 mm wall thickness
- Extrusion welded panels & baffles
- Fusion-welded fittings
- You choose your fitting locations

To get the ball rolling, email us a sketch showing the dimensions & where you want your fittings placed.

# We hold Seamless tanks in stock

## Quality Series A Tanks

High-quality MDPE, seamless, rotationally moulded tanks. Suitable for water waste and diesel. 10mm wall thickness, quality tanks.

## Economy Series C Tanks

Suitable for water, waste & fuel. These HDPE tanks have a wall thickness between 5 and 8 mm. Series C fuel tanks are approved for Petrol.

## Budget Series D Tanks

Supplied with a lid and a threaded BSP socket. Unlike other companies, we can fusion weld in additional fittings. These MDPE tanks have a wall thickness between 5-8mm
